## Welcome to the Highland Children's Book Awards

We need you to decide what books are worthy enough to be on our short list. The Highland Book Fling requires you to read as many books from the long-list of titles that has been allocated to your area. You will find a list of these books at the back of this booklet and also displayed in your local library.

You can keep a record of the books that you have read over the next few pages. Remember that when you have completed a book give it a rating out of five. This will help you to remember the books that you have enjoyed the most.

When you have filled in your reading record go online to,

[www.highlandschools-virtualib.org.uk/hba](http://www.highlandschools-virtualib.org.uk/hba)

and write an online review so other youngsters in your area can see what you thought of your book.
