

Power Readers

Copper Award

Name.....

Welcome to Power Readers Copper Award.

To complete your COPPER AWARD you need to read 6 books:

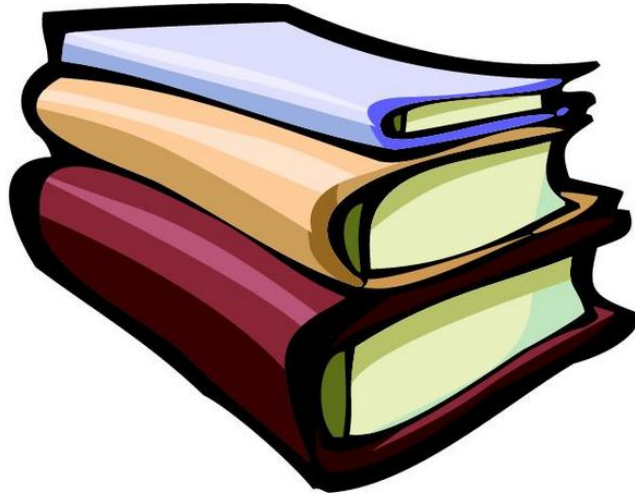

- 3 books from your library's Quick Read or Fast Read section, if you are unsure ask your librarian.
- 1 graphic novel or comic book.
- 1 non-fiction book. This can be anything from joke books, funny poetry books to horrible histories. Take a look in your non-fiction section and see what you can find.
- 1 audio book.

There is no time limit and you can take as long as you need.

At the end of the booklet you will be asked to produce a response to the one of the books you have read. You may choose to do any of the following:

- Design a book cover
- Design a poster to advertise your book to your classmates
- Write an author profile and find out lots of facts about the writer of your book.
- Write a character profile and tell everyone about your favourite character and what they got up to in your story.
- Prepare a PowerPoint presentation about your book letting everyone know what was good about it and why you think everyone should read it.

Book 1

Title.....

Author.....

Main Character's Name.....

Best Part of Story

.....
.....

I think you should read this book because
